

Embedded/Plug-in Intelligent Video Analysis

Smart Surveillance
Smart Surveillance

EM-Lite:

- Camera Tampering Detection
 - Blockage or Blind Detection
 - Redirection Detection
 - Spray-painting Detection
 - Focus Change Detection
 - Sudden Lighting Change Detection
- Optical Diagnosis
 - Insufficient/Excessive Brightness Detection
 - High Noise Detection (For analog video input)
 - Video Signal Lost (For analog video input)
- Motion Detection under Normal Light or under NIR

EM-Ext 2.5 :

- Included EM-Lite
- Virtual Fence/Intrusion line or Forbidden Zone
- Uninterested Zone
- Object Size Filter
- Crowd Detection
- Shadow Rejection (30° ~ 150°)
- Small Vibration Rejection

EM-Ext 3.0

- Object Motion History Tracking
- Object Loitering
- Object Motion Direction Detection
- Area – Entering or leaving

EM-Pro

- Object Counting by Wire (directional) or Area (in/out)
 - Vehicle Counting : moving vehicle at freeway or highway
 - **People Counting : walking people side by side**
